Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

X Schoolwide Program

The School Site Council reviewed and evaluated the school's state and local assessments, parent and student survey results, as well as consulted with English Language Acquisition Committee, which is a part of the development process of the Single Plan for Student Achievement. As part of the process, the council evaluated, as described in the annual evaluation and update, each of the 2020-2021 Single Plan For Student Achievement (SPSA) goals resulting in a number of minor changes to the 2021 SPSA, as School Site Council worked to ensure that all students had equal access to academic, social-emotional, and behavioral supports needed to be successful. SSC members reviewed state assessments student achievement results and utilized newly implemented local assessment tools that enabled the school and the School Site Council to effectively evaluate the SPSA, measures, goals, and action steps. In addition, the SSC reviewed the Student/Parent Handbook and discipline policy. In closing, the 2021 SPSA not only aligns with California's eight state priorities but also with the District's local priorities as highlighted in the Colusa Unified School District Local Control Accountability Plan.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Colusa Unified School District provides a weekly collaboration time for all sites in order to thoroughly include TK - 12 teachers, administration and other employees in site-level Professional Learning Communities (PLCs) as well as monthly district level professional development to maintain transparent communication from the superintendent and district office. The site administration facilitates the needs assessment process to analyze our student achievement data, identify prioritized needs, create action steps and communicate with stakeholders (SSC, ELAC, Parent Club). The CUSD leadership team work together to create long-term Action Plans to maintain our current strengths while taking necessary steps of improvement on identified areas in need of attention tied to our LCAP goals. Our CUSD administrative team conducts an annual evaluation of

the actions taken to improve student achievement in 2020-2021 school year in order to determine next steps as well as new potential areas of focus.

Comprehensive Needs Assessment Components

Data Analysis
Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys
This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Staff was surveyed using online survey in the Spring of 2021 regarding curriculum, instruction, assessment, learning environment, resources, leadership, relationships, and policies. The surveys indicated that the staff agreed that in the areas of curriculum and instruction, there needs to be more i-Ready training and implementation. Additionally, the staff expressed a need for specialized special education professional development to best support all students. The majority of staff members stated that the professional development content that was received met their professional needs. Strengthening communication between parent club and teachers as well as teachers and parents was indicated. A parent survey in the spring of 2021 indicated parents and staff feeling safety of students and our entire campus has increased due to locking and monitoring gates. The parents have adjusted to the new check in/out policy in the front office, and the security of the campus has drastically increased as a result. Parents value our entire staff, and they mentioned the appreciation of our paraeducators. The parents have appreciated our increased communication in English and Spanish, and they'd like the efforts to continue and improve including information regarding upcoming testing in their child's classroom. Communication between the school and home will continue to be an area of focus in our CUSD LCAP as well as at all of our school sites as we highly value this area to best serve our students.

Classroom Observations
This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations are conducted by the principal on a regular basis. Colusa Unified School District has an informal walk through system that is utilized by all site administrators. A common feedback form is generated to communicate with staff. It is very important to observe student learning on a consistent basis through informal and formal observations.

Analysis of Current Instructional Program
The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

A variety of assessments such as the English Language Proficiency Assessments for California (ELPAC), the Smarter Balanced Assessment Consortium (SBAC), and local grade-level assessments are utilized to analyze our curriculum. The results help us in modifying our curriculum and instructional practices in order to help students achieve to their potential. The state assessment was administered in the 2020-2021 school year during the ongoing COVID-19 pandemic resulting in school closures throughout the state of California. The School Site Council ELAC committee, and teaching staff reviewed state results from the 2020-2021 year, which indicate students at Burchfield Primary School showed learning loss in both ELA and Math. With a testing year gap, the results are compared to the 2018-2019 school year. The performance gap between Hispanic and White Subgroups have decreased from 17% to 9% in ELA and increased from 2% to 23% in Math since 2019. The performance gap between Free and Reduced lunch and Non-Free and Reduced lunch Subgroups have decreased from 21% to 8% in ELA and 21% to 8% in Math since 2019. Our local i-Ready assessments in ELA and Math administered in 2020-2021 show a decrease in performance due to distance learning as compared to 2019-2020 results with a decrease of 3 percent in ELA (45% to 42%) and a 8% decrease in Math (38 to 30%). The districtwide implementation of i-Ready continues to progress. Staff implements three diagnostic assessments to drive instruction, utilizes the adaptive learning lessons for differentiation, and provides professional development for the teachers three times throughout the school year.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Common Core curriculum embedded assessments are given at least every three to four weeks to monitor student progress. The data from these assessments are used to monitor ongoing student progress, identify individual student needs, inform decisions regarding classroom and school-wide instructional practices, and determine effectiveness of instructional practice and implementation of our curriculum. The data is analyzed regularly in both grade level and vertical PLC groups.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The school staffs all classrooms with credentialed, highly qualified teachers.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Burchfield Primary School has sufficient credentialed teachers. All teachers participate in professional development for iReady, ELD, Math, Reading, and Writing throughout the academic year. Teachers will be provided a minimum of four hours to meet as a grade-level teams and review curriculum pacing, sharing instructional strategies, and observing best practices in other schools outside of structured collaboration time.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is based on assessed staff needs, SBAC and ELPAC results and grade-level assessments. Weekly collaboration time is scheduled for all teachers and three days of teacher training is scheduled each year. Pacing guides have been established and reflect alignment of curriculum, instruction and materials with state standards.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

A full time reading specialist assists and supports teachers with language arts data, curriculum, training and interventions. Early release time is provided once a month for PLC meeting, grade level meetings focusing on student data, staff meetings, professional development as well as monthly visits, updates and presentations by our CUSD superintendent.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers have release time for collaboration every Wednesday afternoon and are released at least once each trimester by grade level to collaborate, analyze data, share strategies for implementation of CCSS, PLC's, Common Formative Assessments, share best practices, and plan curriculum plan relative to their grade level. Additionally, four hours of grade level data collaboration has been implemented throughout the school year.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Standards-based textbooks are used for students in the subjects of language arts, reading, and math. Instruction is regularly monitored for alignment with the common core standards. State Approved supplemental materials for Math, ELA, and Science will be implemented by teachers as needed. Classroom observations and conferencing with teachers about instructional practices aligned with the California Standards for the Teaching Profession will take place.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Burchfield Primary School meets the required instructional minutes for language arts and mathematics for all students. This time is given priority and protected as much as is possible from interruptions.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Lesson pacing guides have been developed at each grade level in both language arts and math. Teachers will also provide differentiated instruction during the day for all students, integrated and designated ELD, targeted ELA intervention and enrichment, and provide small group interventions within the classroom as time allows.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All students including English Language Learners, at-risk students, and socio-economically disadvantaged students are instructed with standards-based curriculum. State textbook funds are allocated for this purpose.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All instructional materials are SBE-adopted and aligned with the state common core standards.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

The following services are provided to assist underperforming students:
*After school tutoring
*Reading intervention programs
*High school mentoring program
*English Language Development (Integrated and Designated)
*Teacher grade level collaboration to analyze data and target the needs of underperforming students
*Differentiated instruction to meet the needs of students at all levels
*School library provides educational materials and programs to meet the needs of all levels of learners
*Technology resources are provided and integrated into the curriculum during class instruction
*New teachers are supported through the Tri County Induction Program (TCIP)/(BSTA) through Sutter County Office of Education
*i-Ready and Footsteps to Brillance Programs
*Reflex Math

Evidence-based educational practices to raise student achievement

We have worked with an ELA and Math consultants to integrate common core, research-based strategies to raise student achievement.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Some of the resources available are:
*District-provided translation services for English-Spanish
*Translations at Parent/Teacher Conferences, IEPs, SSTs, and all school communication in writing
*After-School program for grades 1st - 3rd
*Colusa County Library
*After School Tutoring
*Multi-disciplinary team
*Summer school program
*School attendance review board (DART)
*Local Child Care Planning Council funding support
*First Five
*Kinder-Camp
Access to chromebooks and technology based curriculum at home

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

> Parents, community members, teachers, and other school personnel are invited to participate in the planning, implementation and evaluation of consolidated application programs.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

> Categorical funds provide the following services:
> *Title 1 reading specialist teacher and reading intervention aides
> *After School Intervention

Fiscal support (EPC)

> *Title I
> *Title III
> *District Funded
> *LCFF

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

> The School Site Council and English Language Acquisition Committee(ELAC) have been involved in monthly meetings discussing plans that focus on an after school intervention program that partners or is an extension of ASES, the vision at BPS, reviewing and updating our site safety plan, our site SARC, and our site single plan. The parent groups have gone through a needs assessment process to thoroughly gather feedback to directly impact our Single Plan for Student Achievement as well as our district LCAP process. The parent groups also focus on utilizing parent support for teachers and classrooms. Monthly staff meetings and weekly PLC's were used to collaborate with staff about the focus of school goals as they line up with the district goals: academics, technology, community and facilities.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

> The district provides ongoing support to all school sites and departments to best serve students. Unexpected concerns or needs are addressed regularly at CUSD leadership and principal meetings. As a result of the indicated information, there are no ongoing resource inequities. BPS goes through a Zero Based Budget (ZBB) process every spring to evaluate the needs of all staff to best serve our students. The ZBB process has proven effective in gathering input from all staff.

2019-20 Data:
Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. Speaking Domain showed the most significant decline.

2. Written Language proved to be an area of more stability, but still showing learning loss.

3. Due to distance learning, students did not have as much opportunity to interact with classmates and staff. With a return to full day in-person instruction, there is an expectation of predicted growth.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	**Socioeconomically Disadvantaged**	**English Learners**	**Foster Youth**
428	**69.6**	**44.4**	**0.5**
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

Chronic Absenteeism

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Outcomes

LEA/LCAP Goal

Improve student outcomes in all content areas

Goal 1

Improve student outcomes and maintain individualized student learning plans to close learning gaps

Identified Need

Data from a variety of sources is used for ongoing assessment to improve student achievement. Curriculum based benchmarks, iReady and California Assessment for Student Performance and Progress (CAASPP) results are available in our Illuminate data assessment system. The data from these assessments are used to guide instructional practices and identify tiered student interventions. Student study team meetings are held throughout the year to monitor progress and alter intervention plans to best serve our students and families.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP Scores	Thirty-eight percent of all third grade students met or exceeded the ELA third grade standards as measured in CAASPP. Thirty-five percent of all third grade students met or exceeded the math third grade standards as measured in CAASPP	Third grade will increase the number of students who meet or exceed the standard in the area of English language arts by 3% on CAASPP. Third grade will increase the number of students who meet or exceed the standard in the area of math by 3% on CAASPP
iReady Scores	Twenty-nine percent of all students scored early on, mid, or above grade level standards on the local iReady Assessments in mathematics. Fifty-Four percent of all students scored early on, mid, or above grade level standards on the local iReady Assessments in English language arts.	The school will improve the number of students who scored early on, mid, or above grade level standards on the local iReady Assessments in mathematics by 3%. Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to no scores during the 19-20 school year from the pandemic, we have made significant the efforts to support the remediating the learning loss at BPS school site. Ongoing focus on improving our scores and closing the achievement gap will continue to be a priority for our school site. Our staff believes this goal is critical to the development of all students, and our various parent groups (SSC, ELAC, Parent Club) all believe in ongoing improvement.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our district included iReady as a top priority. The implementation of iReady is new from the previous school year, and the program will be evaluated once a full year of implementation has taken place to evaluate the positives as well as the areas of concern.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Once full implementation of iReady has taken place, we will have the opportunity to analyze data to an even higher level to best serve our students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Welcoming Environment and School Connectedness

LEA/LCAP Goal

Create safe, welcoming learning environments that support the social emotional development of all students and increase school connectedness among students and families

Goal 2

Improve the atmosphere in our school and the communication between home and school.

Identified Need

Improve atmosphere in our school and improve communication between home and school. Parents play an integral role in supporting our students. Parent communication in English and Spanish must consistently occur to keep our parents informed on the important information and events taking place at Burchfield Primary School and most importantly in the academic classrooms. Teacher will utilizes the services of our bilingual liaison to translate communication they are sending home as well as the office and Parent Club to advertise community events. Survey results from parents as well as feedback from ELAC and DELAC meetings were examined and valued in establishing this goal. We will improve in using identified strategies to address social emotional needs.

Parents have indicated appreciation for the Important Dates provided at three various times throughout the year. Parents seem very thankful for the hard work in keeping our website current as well as the addition of our Facebook page to share upcoming events, reminders and celebrating our students. The implementation of Friday assemblies, art nights, compassion outreach and a Spring Family Dance were all successfully achieved. We look to build on the progress made in the 2020-21 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The 2020-2021 events altered due to COVID-19 impacts. We were not able to offer many of the family engagement opportunities due to the halt on large gatherings. We found new ways to celebrate our student in their respective cohorts. The implementation of the goals to restore engagement for the 2021-22 was completed. Many of our events at school and sponsored through our Parent Club were planned and achieved.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal was not changed and efforts to restore our collaborative and engaging culture are being implemented.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Increase access to, and use of, instructional technology and modern facilities

LEA/LCAP Goal

Engage parents, community organizations, businesses, and higher learning institutions in the development of meaningful partnerships to support student learning

Goal 3

Expand engagement opportunities for students and parents to foster a well-rounded educational experience.

Identified Need

Developing and fostering a well-rounded educational experience for all students and families is essential for our students at Burchfield Primary School.   Creating opportunities for students to engage in activities throughout the day helps encourage parent-teacher communication and connectiveness. These opportunities also foster a well-rounded educational experience for all students.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent engagement	Activity attendance and Parent Survey	Increase in parent and student engagement and increase in teacher and parent positive communication.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our instructional aides were able to help teachers with one on one assessments with students, small group instruction, and one on one instruction during the school day. We are successfully engaging in assemblies, Peacebuilder program, and praise notes. We are collaborating with CHS environmental science club, the CHS art club for art nights, and CHS athletics for local camps.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

As the school year evolved we were able to provide different learning opportunities for students with in-person instruction, but no events. We were able to hire yard duty and instructional assistance to help with small group instruction and classroom supervision. This helped teachers utilize in-person classroom instruction with students with their instructional assistance. Our reading specialist is also able to provide targeted reading intervention to students. The reinstatement of events and activities following the lockdown from covid-19 will be implemented 2021-22.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to continue this collaboration to expand opportunities for student activities.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

1 School Principal

3 Classroom Teachers

1 Other School Staff

4 Parent or Community Members

0 Secondary Students

Name of Members	Role
Victoria Wilson	Principal
Mallory Alves	Classroom Teacher
Kimbery Turner	Classroom Teacher
Virginia Whitaker	Classroom Teacher
Ann Amsden	Other School Staff
Seyah Baird	Parent or Community Member
Tawni Davis	Parent or Community Member
Nichol Stephenson	Parent or Community Member
Gabriela Duarte	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 1-13-22.

Attested:

	Principal, Victoria Wilson on 1-13-2022
	SSC Chairperson, Mallory Alves on 1-13-2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

● Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

● Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

● Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.
From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

● Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.

● Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:

    A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.

        1. The comprehensive needs assessment of the entire school shall:

            a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and

            b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—

                i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and

                ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and

                iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.

                iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.

                v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.

    B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:

    A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--

   a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards

   b. use methods and instructional strategies that:

      i. strengthen the academic program in the school,

      ii. increase the amount and quality of learning time, and

      iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

   c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:

      i. strategies to improve students' skills outside the academic subject areas;

      ii. preparation for and awareness of opportunities for postsecondary education and the workforce;

      iii. implementation of a schoolwide tiered model to prevent and address problem behavior;

      iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and

      v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;

2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).

F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to

   1. Ensure that those students' difficulties are identified on a timely basis; and

   2. Provide sufficient information on which to base effective assistance to those students.

G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);

2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);

3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
