City of Colusa Chief of Police 260 6th Street Colusa, CA 95932-3307

Dear Chief Ross Stark

Recently the local area was saddened by the death of a young boy from Williams. He was hit in a crosswalk while on his way to school when the fatality occurred.

As parents and grand-parents become more cautious of the security for their young students, the tendency is to drop them off and pick them up from the schools in our area. As you mentioned in our phone conversation on Thursday afternoon, the 9th, past generations of students either walked or road their bikes, but that option has changed.

Wednesday afternoon, I spoke with one of your officers, Chad Lebrun, unit #76, who was monitoring traffic flow near Egling Middle School on Webster St., mainly, East bound as student's were being picked up. I shared that my wife and I on previous days had observed vehicles double parked in the Red Curb zone area just west of the west entrance to the school. The real concern was that they were blocking all three crosswalks in front of the school property.

Perhaps the proposed "NO Parking Warning signs" posted by School staff and or city street staff, and an article in the Sun-Herald alerting drivers awaiting the dismissal of school, that they are creating dangerous conditions for students leaving the school property. Police officers could either issue warnings or issue citations for those who fail to heed the warnings. The condition exists on a public street, therefore in my opinion, the legal responsibility falls on local law enforcement to correct this unsafe condition.

I spoke with Mrs. Johnston, Principal, today and she informed me that Officer Fitch had been in touch with her this AM and that your department will be meeting with school officials next week to seek other ideas to correct this unsafe and illegal parking concern.

Contracts

BP 3312

Business and Non-instructional Operations

Whenever state law invests the Governing Board with the power to enter into contracts on behalf of the district, the Board may, by a majority vote, delegate this power to the Superintendent or designee. To be valid or to constitute an enforceable obligation against the district, all contracts must be approved and/or ratified by the Board. (Education Code 17604) The Superintendent is authorized by the Board to sign contracts which obligate the District to less than \$5,000.00, and the Chief Business Official is authorized to sign contracts which obligate the District to less than \$1,000.00.

(cf. 3300 - Expenditures and Purchases)

(cf. 3314 - Payment for Goods and Services)

(cf. 3400 - Management of District Assets/Accounts)

All contracts between the district and outside agencies shall conform to standards required by law and shall be prepared under the direction of the Superintendent or designee.

(cf. 2121- Superintendent's Contract)

(cf. 4312.1 - Contracts)

(cf. 9124 - Attorney)

When required by law, contracts and subcontracts made by the district for public works or for goods or services shall contain a nondiscrimination clause prohibiting discrimination by contractors or subcontractors. The nondiscrimination clause shall contain a provision requiring contractors and subcontractors to give written notice of their obligations to labor organizations with which they have a collective bargaining or other agreement. (Government Code 12990)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The district shall not enter into a contract that prohibits a school employee from disparaging the goods or services of the contracting party. (Education Code 35182.5)

Contracts for Non-Nutritious Foods or Beverages

Effective July 1, 2007, the district or a district school shall not enter into or renew a contract for the sale of foods that do not meet the nutritional standards specified in Education Code 49431 or 49431.2 unless the contract specifies that such sales will occur later than one-half hour after the end of the school day and/or off school premises. (Education Code 49431, 49431.2)

(cf. 3554 - Other Food Sales)

In accordance with the dates specified in law, the district or a district school shall not enter into or renew a contract for the sale of beverages that do not meet the nutritional standards in Education Code 49431.5 unless the contract specifies that such sales will occur later than one-half hour after the end of the school day and/or off school premises.

Before the district or a district school enters into or renews a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious food as defined in law, the Board shall ensure that the district has sufficient internal controls in place to protect the integrity of public funds and to ensure that funds raised as a result of the contract benefit public education. (Education Code 35182.5)

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include but not be limited to the following:

1. Control procedures that produce accurate and reliable financial statements and, at the same time, safeguard the assets, financial resources, and integrity of every employee responsible for handling money or property. Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.

```
(cf. 3100 - Budget)
(cf. 3400 - Management of District Assets/Accounts)
(cf. 3460 - Financial Reports and Accountability)
```

2. Procedures to ensure that district personnel do not handle cash or product at the school site. The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

In addition, the contract may specify whether contractor logos are permitted on district facilities, including but not limited to scoreboards and other equipment. If such logos are permitted, the contractor shall present the equipment to the Board as a gift. The gift may be accepted by the Board in accordance with Board policy and administrative regulation.

```
(cf. 3290 - Gifts, Grants and Bequest)
```

To ensure that funds raised by the contract benefit district schools and students:

1. The Superintendent or designee may involve parents/guardians, students, staff, and interested community members to make recommendations regarding the contract, including recommendations as to how the funds will be spent in a manner that benefits public education.

```
(cf. 1220 - Citizen Advisory Committees)
```

2. Prior to ratifying the contract, the Board shall designate the specific programs and

activities that will be funded by the proceeds of the contract and consider how the contract reflects the district's vision and goals.

```
(cf. 0000 - Vision)
(cf. 0100 - Philosophy)
(cf. 0200 - Goals for the School District)
```

- 3. The contract shall specify that the contractor report, on a quarterly basis, to the Superintendent or designee the number of food items or beverages sold within the district and the amount of money raised by the sales. The Superintendent or designee shall report these amounts to the Board on a regular basis.
- 4. The Superintendent or designee shall ensure that the contract does not limit the ability of student and parent organizations to plan and operate fund-raising activities.

```
(cf. 1230 - School-Connected Organizations)(cf. 1321 - Solicitation of Funds from and by Students)
```

The contract shall be entered into on a competitive bid basis pursuant to Public Contract Code 20111 or through the issuance of a Request for Proposal. (Education Code 35182.5)

```
(cf. 3311 - Bids)
```

The Board shall not enter into or renew a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious food until parents/guardians, students, and members of the public have had an opportunity to comment on the contract at a public hearing held during a regularly scheduled board meeting or as otherwise authorized by Education Code 35182.5. The Board shall clearly, and in a manner recognizable to the general public, identify in the agenda the contract to be discussed at the meeting. (Education Code 35182.5)

```
(cf. 9322 - Agendas/Meeting Materials)
(cf. 9323 - Meeting Conduct)
```

The public hearing shall include but not be limited to a discussion of the nutritional value of food and beverages sold within the district; the availability of fresh fruit, vegetables, and grains in school meals and snacks, including locally grown and organic produce; the amount of fat, sugar, and additives in the food and beverages discussed; and barriers to student participation in school breakfast and lunch programs. (Education Code 35182.5)

```
(cf. 5030 - Student Wellness)
```

The contract shall be accessible to the public and may not include a confidentiality clause that would prevent the district or a district school from making any part of the contract public. (Education Code 35182.5)

(cf. 1340 - Access to District Records)

Contracts for Electronic Products or Services

The Board shall not enter into a contract for electronic products or services that requires the dissemination of advertising to students, unless the Board: (Education Code 35182.5)

1. Enters into the contract at a noticed, public hearing of the Board.

(cf. 9320 - Meetings and Notices)

2. Makes a finding that the electronic product or service is or would be an integral component of the education of students.

(cf. 0440 - District Technology Plan)

3. Makes a finding that the district cannot afford to provide the electronic product or service unless it contracts to permit dissemination of advertising to students.

(cf. 1325 - Advertising and Promotion)

- 4. As part of the district's normal, ongoing communication to parents/guardians, provides written notice that the advertising will be used in the classroom or other learning center.
- 5. Offers parents/guardians the opportunity to request in writing that their child not be exposed to the program that contains the advertising. Any request shall be honored for the school year in which it is submitted, or longer if specified, but may be withdrawn by the parents/guardians at any time.

Student Activity Funds

BP 3452

Business and Noninstructional Operations

The Governing Board recognizes that student organizations can provide students with an opportunity to conduct worthwhile cocurricular activities beyond those provided by the district and can also help students learn about effective financial practices. To that end, student organizations may raise and spend funds to support activities that promote the general welfare, morale, and educational experiences of the student body.

(cf. 3260 - Fees and Charges)

(cf. 5000 - Concepts and Roles)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.5 - Student Organizations and Equal Access)

Fund-Raising Events

At the beginning of each school year, each principal or designee shall submit to the Superintendent or designee a list of the fund-raising events that each student organization proposes to hold that year. The Superintendent or designee shall review the proposed events and determine whether the events contribute to the educational experience and are not in conflict with or detract from the school's educational program. When reviewing proposed events, the Superintendent or designee shall consider the effects of the activities on student health and safety, evaluate the risk of liability to the district, and ensure that the proposed activities are in compliance with law, Board policy, and administrative regulation.

The board recognizes that community service and volunteering are valuable experiences for teaching students social and cultural lessons. The Superintendent may occasionally approve charitable fundraisers for non-school, non-profit organizations (501.c.3). Examples of approved fundraisers of this type may include but are not limited to: Raising money to fight a particular disease, condition, or injury; Fundraising for emergency or disaster relief efforts; Food and clothing drives for groups fighting poverty, etc. 100% of the money or materials raised will be passed along to the specified organization. The Superintendent or designee will make every effort to insure that the funds or materials go to reputable organizations. School supplies and materials of an inconsequential monetary value may be used in these efforts. Except where these efforts are part of the curriculum, activities related to these fundraising activities will take place only during non-instructional time.

Management of Funds

Student body funds shall be managed in accordance with law and sound business procedures designed to encourage the largest possible educational return to students without sacrificing the security of funds.

The Superintendent or designee shall develop internal control procedures to safeguard the organization's assets, promote the success of fund-raising ventures, provide reliable financial information, and reduce the risk of fraud and abuse. These procedures shall detail the oversight of activities and funds including, but not limited to, the appropriate role and provision of training for staff and students, parameters for events on campus, appropriate and prohibited uses of funds, and accounting and record-keeping processes, including procedures for handling questionable expenditures.

(cf. 3400 - Management of District Assets/Accounts)

The principal or designee shall be responsible for the proper conduct of all student organization financial activities. The budget adopted by the student body organization should serve as the financial plan for the school year and shall be submitted to the Superintendent or designee at the beginning of each school year. The Superintendent or designee shall periodically review the organization's use of funds to ensure compliance with the district's internal control procedures.

Funds derived from the student body shall be disbursed according to procedures established by the student organization. • LCAP Action Item Calendar – Mr. Newman asked for input from the Board as to any suggestions they may have to improve the calendar and/or the process in general. Mr. Bransford asked for clarification regarding the goals currently in place to measure increased test scores. Mr. Newman offered that some benchmark assessments are in place. Efforts towards creating a systemic approach with that process will continue.

SUPERINTENDENTS REPORT MANAGEMENT UPDATE

• Board & Staff Communication – Mr. Newman addressed issues relating to communication. It is the belief of Mr. Newman that many of the roles and responsibility within our district have been blurred and he is working diligently to rectify these issues. Items being brought to the Board should be appropriate and reflective of topics relating to policy and law. Management issues should be handled by following the appropriate chain of command. Mr. Bransford added that in most recent cases, some of the issues that have been brought to the board are due to a level of frustration amongst classroom teachers. Future concerns and issues should be handled appropriately following the district protocol. Mr. Bransford also

expressed a concern in regards to management and items specifically relating to the budget. He asked for further discussion.

- SELPA Update Mr. Newman recently met with district level SELPA staff and was able to answer questions and concerns. Mr. Bransford asked if CUSD and surrounding districts have consulted with a legal firm relating to potential union issues. Mr. Newman clarified that a legal team has been and will continue to be a part of the process.
- Technology Upgrades BPS Parent Club announced recently that they will purchase computers on wheels for that site. The technological infrastructure within CUSD is continuously making progress. Work order tickets are substantially lower at this time in comparison to this time last year.
- Facilities Update Mr. Newman reported that the new portable at Burchfield Primary is likely to be ready for students by the beginning of January. Mrs. Espinoza and Mr. Newman are working together to finalize the plans and logistics for the facilities at Burchfield Primary.

SUPERINTENDENTS REPORT BUDGET

- Mr. Newman stated that Larry Yeghoian will be serving as the co-chair to the Modernization Bond Committee.
- Mr. Newman recently learned that a redevelopment authority loan was taken out by the County of Colusa in 2010. The payback source was supposed to be based on tax revenues generated from increased assessed values. The loan was spent by the County of Colusa on a feasibility study. The County of Colusa and all the entities that gain a revenue from the County tax base are responsible for the \$230,000 loan. The loan has been accruing interest yearly at a rate of 10%. Mr. Newman will be meeting with the County of Colusa to collect more information regarding this matter.
- Enrollment Enrollment is slightly down and ADA is up.
