FOR DESIGN, INSTALLATION AND COMMISSIONING  
PROPOSITION 39, THE CLEAN ENERGY JOBS ACT OF 2012  
Lighting Projects #16-108**

This Energy Services Agreement for Design, Installation and Commissioning of Energy Conservation Facilities funded in whole or in part through Proposition 39, The Clean Energy Jobs Act Of 2012 ("Agreement") is made as of July 12 2016, between the Colusa Unified School District ("District") and Air Systems, Inc. ("Contractor") (together, "Parties"). The Contractor shall render the Services, as defined herein, in relation to all energy conservation measures, referred to as "System" or "Project," as described herein

- 1. **Services.** Contractor shall furnish to the District all professional services, labor, equipment, material, and other services set forth in this Agreement and as otherwise reasonably required to complete all design, engineering, construction, installation, integration, interconnection, testing and commissioning of the improvements to real property, along with all appurtenances, fixtures, and furnishings, described in Exhibit A, "Scope of Work and Requirements," attached hereto and incorporated herein by this reference ("Services" or "Work").
  
- 2. **Completion Date.** Contractor shall commence providing the Services under this Agreement upon execution of the Agreement by both parties, and will diligently perform such Services as described herein and as otherwise reasonably required to achieve Substantial Completion of the System(s) (as defined below) on or before September 23, 2016 and Final Completion of the System(s) (as defined below) on or before September 30, 2016.
  - 2.1. **Substantial Completion.** Completion, being the point at which the District will substantially have the beneficial use and enjoyment of the System(s), and at which time the District shall first be able to accept the System(s) as complete, means that each of the following has been achieved in accordance with the requirements of the Contract Documents:
    - 2.1.1. Mechanical Completion, defined as the point at which all work of every kind necessary to make the System(s) usable for its intended function is actually complete and all fire/life safety systems are completely installed and fully operational;
    - 2.1.2. Acceptance Testing, defined as testing of all systems comprising the System(s) in accordance with the requirements of the Agreement, the results thereof meeting the requirements set forth herein, and acceptance by the District of the successful testing, which acceptance shall not unreasonably be withheld; and
    - 2.1.3. The System(s) is capable of operating safely in accordance with all applicable laws, codes, rules and regulations.
  - 2.2. **Final Completion.** Final Completion shall occur after Substantial Completion, when Punch List items are completed, all required training has occurred and documentation has been provided to the District, including, without limitation, all warranties, record drawings, Operation and Maintenance manuals, and as-built drawings.
    - 2.2.1. Pending Final Completion, the parties agree and acknowledge that the District may withhold from the final payment an amount not to exceed 150 percent of the reasonably estimated value of all obligations of the Contractor due and remaining to be performed following Substantial Completion pursuant to Public Contract Code Section 7107.
  
- 3. **Liquidated Damages.** Time is of the essence for all Work under this Agreement. It is hereby understood and agreed that it is and will be difficult and/or impossible to ascertain and determine the actual damage that the District will sustain in the event of and by reason of Contractor's delay; therefore,

Contractor agrees that it shall pay to the District the sum of ONE THOUSAND DOLLARS (\$ 1,000) per System(s), per day as liquidated damages for each and every day's delay beyond the Final Completion Date that Final Completion is not achieved.

It is hereby understood and agreed that this amount is not a penalty, but is a reasonable estimate of the damages that District will incur.

In the event any portion of the liquidated damages is not paid to the District, the District may deduct that amount from any money due or that may become due the Contractor under this Agreement, the District may seek recovery of Liquidated Damages from the Respondent's Performance Bond Surety and/or the District may seek recovery of Liquidated Damages from the Respondent or the Performance Bond Surety without having exhausted remedies against the other.

4. **Funding/Grants/Rebates/Incentives.** Contractor shall ensure all Work is done in strict compliance with all requirements of California Proposition 39, The Clean Energy Jobs Act of 2012, including, without limitation, the Guidelines and all other written guidance promulgated by the California Energy Commission ("CEC") effective concurrently herewith and as amended from time to time by CEC, as well as all applicable Division of the State Architect ("DSA"), Office of Public School Construction ("OPSC"), and/or California Department of Education ("CDE") regulations, rules, procedures and guidance.
5. **Submittal of Documents.** Contractor shall not commence the Work under this Agreement until the Contractor has submitted and the District has approved the performance bond, payment (labor and material) bond, the certificate(s) and affidavit(s), and the endorsement(s) of insurance required as indicated below:

Signed Agreement

Contractor's Certificate Regarding Workers' Compensation Form

Non-Collusion Declaration

Payment Bond

Performance Bond

Contractor Certification regarding Background Checks

Insurance Certificates

Resume of proposed Project Superintendent

Resume of proposed Project Manager

Schedule of Values

The above-referenced Contract Documents shall be presented to the District for approval.

6. **Anticipated Savings.** As required under SB 73, the District anticipates annual savings on energy expenditures to result from the Project in the amount of \$28,292, over the life cycle of the Project. That anticipated sum along with other energy efficiency measures exceeds the Total System Price by a ratio of at least 1.05. The Parties agree and acknowledge that these savings are anticipated and may, for many reasons beyond the control of the Parties, such as changes in anticipated Utility rates for electrical energy, vary in actuality from the amount anticipated.
7. **Compensation.** As compensation for the Work, the District shall pay to the Contractor in the amount of Three Hundred and Eight Thousand, Four Hundred and Twelve DOLLARS (\$308,412) ("**Total System(s) Price**"). Such amount shall not be increased without the express approval of the Board.

**8. Expenses.** District shall not be liable to Contractor for any costs or expenses paid or incurred by Contractor in performing services for District.

**9. Payment.** The Total System(s) Price shall be paid in periodic partial payments in accordance with this section.

**9.1. Processing of Progress Payments; Retention:** Each month while Contractor is providing the Work under this Agreement, the District shall pay to Contractor a sum equal to ninety-five percent (95%) of value of the Work performed and the value of equipment and material integrated into one or more of the System(s), delivered to one or more Sites, or stored subject to or under the control of the District, up to the last day of the previous month, less aggregate of previous payments (the "Progress Payments"). The remaining five percent (5%) of such amounts shall be held as the Retention Amount and shall be released in accordance with Public Contract Code section 7107. If all of the necessary information is submitted and accurate (including the schedule of values and certified payrolls), District shall approve the Progress Payment within fifteen (15) days after District's receipt of the periodic estimate for partial payment and District shall pay such Progress Payment within fifteen (15) days after the District's approval of the periodic estimate for partial payment.

**9.2. Option for Escrow or Securities in Lieu of Retention.** Pursuant to the requirements of Public Contract Code Section 22300, upon Contractor's request, District will make payment to Contractor of any earned retention funds withheld from payments under this Agreement if Contractor deposits with the District or in escrow with a California or federally chartered bank acceptable to District, securities eligible for the investment pursuant to Government Code Section 16430 or bank or savings and loan certificates of deposit, upon the following conditions:

**9.2.1.1.** Contractor shall be the beneficial owner of any securities substituted for retention funds withheld and shall receive any interest thereon.

**9.2.1.2.** All expenses relating to the substitution of securities under said Section 22300 and under this Article 8.2, including, but not limited to District's overhead and administrative expenses, and expenses of escrow agent shall be the responsibility of the Contractor.

**9.2.1.3.** If Contractor shall choose to enter into an escrow agreement, such agreement shall be in the form as set forth in Public Contract Code section 22300(f) attached hereto as part of the Project Documents and which shall allow for the conversion to cash to provide funds to meet defaults by the Contractor including, but not limited to, termination of the Contractor's control over the work, stop notices filed pursuant to law, assessment of liquidated damages or amount to be kept or retained under the provisions of the Project Documents.

**9.2.1.4.** Securities, if any, shall be returned to Contractor only upon satisfactory completion of the Agreement.

**9.2.2.** To minimize the expense caused by such substitution of securities, Contractor shall, prior to or at the time Contractor requests to substitute security, deposit sufficient security to cover the entire amount to be then withheld and to be withheld under the General Conditions of this Agreement. Should the value of such substituted security at any time fall below the amount for which it was substituted, or any other amount which the District determines to withhold, Contractor shall immediately, and at Contractor's expense, deposit additional security qualifying under said Section 22300 until the total security deposited is no less than equivalent to the amount subject to withholding under the Agreement.

**9.2.3.** In the alternative, under Section 22300, Contractor, at its own expense, may request District to make payment of earned retention funds directly to the escrow agent. Also at

the expense of Contractor, Contractor may direct investment of the payments into securities, and Contractor shall receive the interest earned on the investment upon the same conditions as shown in paragraph (a) for securities deposited by Contractor. Upon satisfactory completion of the Agreement, Contractor shall receive from the escrow agent all securities, interest and payments received by the escrow agent from District, pursuant to the terms of Section 22300.

**9.2.4.** If any provision of this Article 8.2 shall be found to be illegal or unenforceable, then, notwithstanding, this Article 8.2 shall remain in full force and effect, and such provision shall be deemed stricken.

**9.3. Waiver and Release Upon Payment.** Each Progress Payment shall be conditioned upon Contractor providing to District with the corresponding Progress Payment Application a conditional waiver and release of claims for payment upon payment from the Contractor and each of its subcontractors and materials suppliers in the form required by Civil Code Section 8132, covering all sums requested in such Progress Payment Application, and an unconditional waiver and release of claims for payment from each party, in the form required by Civil Code Section 8132, covering sums disbursed pursuant to the most recently preceding Progress Payment Application. Failure to provide either a condition waiver and release, or unconditional waiver and release shall result in the subject sums being in dispute, and thus withheld from payment.

**9.4. Estimated Progress Payments.** Progress Payments shall be made on the basis of monthly estimates which shall be prepared by Contractor on a form approved by District and certified by any Inspector and/or design professional designated by District, or any other approved representative of the District, and filed before the fifth (5) Day of the month during which payment is to be made. Work completed as estimated shall be an estimate only and no inaccuracy or error in said estimate shall release Contractor or any Surety from such work or from enforcing each and every provision of the Agreement and Construction Documents. The District shall have the right subsequently to correct any error made in any estimate for payment.

**9.5. Corrective Work and Progress Payment:** Contractor shall not be entitled to payment for non-conforming work performed, so long as any lawful or proper direction concerning that non-conforming work or any portion thereof given by the District lacks correction by Contractor. District may withhold from the Progress Payments one hundred fifty percent (150%) of the estimated value of any amount in dispute between District and Contractor. This provision shall also apply in the event that a portion of non-complying Work may impact other completed Work, resulting in a need to reconstruct or rework related Work. The District shall not unreasonably withhold payment for unrelated and uninvolved Work in the event of dispute over non-complying Work without entering into negotiations to arrive at settlement of said conflict, unless withholding pursuant to a Stop Payment Notice.

**9.6. Title to Delivered Materials.** Title to new materials and/or equipment for the Work of this Agreement, on a continuous basis while the Project is being completed, shall vest in the District. However, responsibility for such new material and/or Work of this Agreement shall remain with Contractor until incorporated into the Work and accepted by District pursuant to this Agreement; no part of said materials and/or equipment shall be removed from its place of storage except for immediate installation in the Work of this Agreement; and Contractor shall keep an accurate inventory of all said materials and/or equipment in a manner satisfactory to the District or his authorized representative. Contractor shall maintain all course of construction and other insurance as necessary to protect said equipment and Work. The District shall not become responsible for risk of loss or other insurable risk until Substantial Completion of each Phase of the Project.

**10. Contractor shall assume full responsibility for payment of all federal, state and local taxes or contributions, including unemployment insurance, social security and income taxes with respect to Contractor's employees. Contractor shall be liable for its own actions, including its negligence or gross negligence, and shall be liable for the acts, omissions, or errors of its agents or employees.
- 12. Standard of Care.** Contractor shall perform its obligations under this Agreement using its best professional skill and judgment, acting with due care and in accordance with the standard of care applicable to the Work and Services to be provided by Contractor, the covenants, terms and conditions of this Agreement, and all applicable laws, codes, rules and regulations, including, without limitation, the applicable provisions of the California Building Code (Title 24), the California Code of Regulations, Electrical Utility (Utility) Requirements, the requirements of the Division of State Architect (DSA) and the California Department of Education, the District's Design Guides and Technical Specifications, and all other federal, state, and local jurisdictions having authority. - 16.2. Disclaimer of Warranty:** District does not warrant the soils or geological conditions at the Site. Any information on the soils and geotechnical conditions of the Site is provided for informational purposes, only, and is expressly understood to reflect the professional judgment of the entity that prepared it based on limited sampling and observation and may not be comprehensive or accurate in any of its findings or implications. **23.6.1.** Review of the SWPPP and inspection logs by the District shall not relieve the Contractor from liabilities arising from non-compliance with storm water pollution regulations.

**23.6.2.** Payment of penalties for non-compliance by the Contractor shall be the sole responsibility of the Contractor and will not be reimbursed by the District.

**23.6.3.** Compliance with the Clean Water Act pertaining to construction activity is the sole responsibility of the Contractor. inspectors and workers shall undertake any action to abate existing risk factors for lead. Contractor must execute the Lead-Based Paint Certification, if applicable.

**25. Change in Scope of Work.** Any change in the scope of the Work, method of performance, nature of materials or price thereof, or any other matter materially affecting the performance or nature of the Work shall not be paid for or accepted unless such change, addition, or deletion is approved in advance and in writing by a valid change order executed by the District and approved by the District Board. The foregoing notwithstanding, the Contractor shall continue to perform its Work under the Agreement and shall not cause a delay of the Work by virtue of the inability of District and Contractor to agree upon the extent of any adjustment to the Contract Time and/or the Total System(s) Price on account of such change. Contractor specifically understands, acknowledges, and agrees that the District shall have the right to request any alterations, deviations, reductions, or additions to the Project or Work, and the cost thereof shall be added to or deducted from the amount of the Total System(s) Price by fair and reasonable valuations.

**25.1. Adjustment to Total System(s) Price.** Adjustments to the Total System(s) Price due to Changes in the Work shall be determined by application of one of the following methods, in the following order of priority:

**25.1.1. Mutual Agreement.** By negotiation and mutual agreement, on a lump sum basis, between District and Contractor on the basis of the estimate of the actual and direct increase or decrease in costs on account of the Change.

**25.1.2. Determination by the District.** The District shall notify Contractor in writing of its determination of the actual and necessary costs incurred by the Contractor on the basis of Contractor's records. Contractor shall be deemed to have accepted the District's determination of the amount of adjustment to the Total System(s) Price on account of a Change to the Work unless Contractor shall notify the District, in writing, not more than fifteen (15) days from the date of the District's written notice, of any objection to the District's determination.

**25.1.3. Basis for Adjustment of Total System(s) Price.** If Changes in the Work require an adjustment of the Total System(s) Price, the basis for adjustment of the Total System(s) Price shall be as follows:

**25.1.3.1.1. Labor.** Contractor shall be compensated for the actual costs, without markup, of labor actually and directly utilized in the performance of the Change. Such labor costs shall be limited to field labor for which there is a prevailing wage rate classification. Wage rates for labor shall not exceed the prevailing wage rates in the locality of the Site and shall be in the labor classification(s) necessary for the performance of the Change. Use of a labor classification which would increase labor costs associated with any Change shall not be permitted. Labor costs shall exclude costs incurred by the Contractor in preparing estimate(s) of the costs of the Change, in the maintenance of records relating to the costs of the Change, coordination and assembly of materials and information relating to the Change or performance thereof, or the supervision and other overhead and general conditions costs associated with the Change or performance thereof.

**25.1.3.1.2. Materials and Equipment.** Contractor shall be compensated for the actual costs, without markup, of materials and equipment necessarily and actually used or consumed in connection with the performance of Changes. Costs of materials and equipment may include reasonable costs of transportation from a source closest to the site of the Work and delivery to the Site. If discounts by Material Suppliers are available

for materials necessarily used in the performance of Changes, they shall be credited to the District. If materials and/or equipment necessarily used in the performance of Changes are obtained from a supplier or source owned in whole or in part by the Contractor, compensation therefore shall not exceed the current wholesale price for such materials or equipment. If, in the reasonable opinion of the District, the costs asserted by the Contractor for materials and/or equipment in connection with any Change is excessive, or if the Contractor fails to provide satisfactory evidence of the actual costs of such materials and/or equipment from its supplier or vendor of the same, the costs of such materials and/or equipment and the District's obligation for payment of the same shall be limited to the then lowest wholesale price at which similar materials and/or equipment are available in the quantities required to perform the Change. The District may elect to furnish materials and/or equipment for Changes to the Work, in which event the Contractor shall not be compensated for the costs of furnishing such materials and/or equipment or any mark-up thereon.

**25.1.3.1.3. Construction Equipment.** Contractor shall be compensated for the actual cost, without markup, of the necessary and direct use of Construction Equipment in the performance of Changes to the Work. Use of such Construction Equipment in the performance of Changes to the Work shall be compensated in increments of fifteen (15) minutes. Rental time for Construction Equipment moved by its own power shall include time required to move such Construction Equipment to the site of the Work from the nearest available rental source of the same. If Construction Equipment is not moved to the Site by its own power, Contractor will be compensated for the loading and transportation costs in lieu of rental time. The foregoing notwithstanding, neither moving time or loading and transportation time shall be allowed if the Construction Equipment is used for performance of any portion of the Work other than Changes to the Work. Unless prior approval in writing is obtained by the Contractor from the District, no costs or compensation shall be allowed for time while Construction Equipment is inoperative, idle or on standby, for any reason. Contractor shall not be entitled to an allowance or any other compensation for Construction Equipment or tools used in the performance of Changes to the Work where such Construction Equipment or tools have a replacement value of \$500.00 or less. Construction Equipment costs claimed by the Contractor in connection with the performance of any Change to the Work shall not exceed rental rates established by distributors or construction equipment rental agencies in the locality of the Site; any costs asserted which exceed such rental rates shall not be allowed or paid. Unless otherwise specifically approved in writing by the Architect, the Project Inspector and the District, the allowable rate for the use of Construction Equipment in connection with Changes to the Work shall constitute full compensation to the Contractor for the cost of rental, fuel, power, oil, lubrication, supplies, necessary attachments, repairs or maintenance of any kind, depreciation, storage, insurance, labor (exclusive of labor costs of the Construction Equipment operator), and any all other costs incurred by the Contractor incidental to the use of such Construction Equipment.

**25.1.3.1.4. Overhead.** In determining the cost to the District and the extent of increase to the Total System(s) Price resulting from a Change adding

to the Work, the allowance for overhead (including home office and field overhead), general conditions costs and profit (hereinafter "Change Order Overhead") associated with the Change shall not exceed 15% of the direct actual costs for performance of the Change. In the event a portion of Changes to the Work is performed by a first tier subcontractor, the subcontractor Change Order Overhead shall not exceed 15%. In the event a portion of Changes to the Work is performed by a sub-subcontractor, the sub-subcontractor Change Order Overhead shall not exceed 15%. The subcontractor markup on the total charges of a sub-subcontractor of any lower tier is limited to 5% of the costs of such change, regardless of the number of subcontractors, of any tier, performing any portion of any Change to the Work.

**25.1.3.1.5.** If a Change to the Work reduces the Total System(s) Price, no profit, general conditions or overhead costs shall be paid by the District to the Contractor for the reduced or deleted Work.

**25.1.4. Required Documentation.** Contractor agrees to provide the District with all information requested to substantiate the cost of the change order and to inform the District whether the Work will be done by the Contractor or a subcontractor. Contractor shall maintain detailed records on a daily basis. Such records shall include without limitation hourly records for labor and Construction Equipment and itemized records of materials and equipment used that day in connection with the performance of any Change to the Work. In the event that more than one Change to the Work is performed by the Contractor in a calendar day, Contractor shall maintain separate records of labor, Construction Equipment, materials and equipment for each such Change. In the event that any Subcontractor, of any tier, shall provide or perform any portion of any Change to the Work, Contractor shall require that each such Subcontractor maintain records in accordance with this Article. Each daily record maintained hereunder shall be signed by Contractor's Superintendent or Contractor's authorized representative; such signature shall be deemed Contractor's representation and warranty that all information contained therein is true, accurate, complete, and relate only to the Change referenced therein. All records maintained by a subcontractor, of any tier, relating to the costs of a Change to the Work shall be signed by such subcontractor's authorized representative or superintendent. All records maintained hereunder shall be subject to inspection, review and/or reproduction by the District upon request. In the event that Contractor shall fail or refuse, for any reason, to maintain or make available for inspection, review and/or reproduction such records and the adjustment to the Total System(s) Price on account of any Change to the Work is determined pursuant to this Article, the District's reasonable good faith determination of the extent of adjustment to the Total System(s) Price on account of such Change shall be final, conclusive, dispositive and binding upon Contractor.

**25.2. Adjustment to Contract Time.** The Contract Time shall be extended or reduced by change order for a period of time commensurate with the time reasonably necessary to perform such Change. Contractor shall submit, prior to approval of the change order, its request for a time extension (if any), as well as all information necessary to substantiate its belief that such change will delay the completion of the Work. If Contractor fails to submit its request for a time extension or the necessary supporting information, it shall be deemed to have waived its right to request such extension.

**26. Claims.** If Contractor shall claim compensation for any reason, including, without limitation, changes to the in the Work or Services, extensions of time, and/or damages sustained by Contractor for which it may seek recovery from the District ("Claim"), Contractor shall, within ten (10) business days after the first occurrence giving rise to the Claim, make and deliver to the District a written statement of the amount of the Claim, the first occurrence giving rise the Claim, and description of the occurrences,

events and bases for the Claim (“Notice of Claim”). Contractor shall file with the District an itemized statement of all details and the amount of the Claim within fifteen (15) business days of delivery to District of the Notice of Claim.

**26.1. Bar Against Claims for Failure to Follow Contract Procedures.** Unless the Notice of Claim shall be made as required, Contractor’s claim for compensation shall be forfeited and invalidated and it shall not be entitled to consideration for payment on account of any such damage. Contractor expressly acknowledges and agrees that this provision shall not be waived or otherwise modified by any communication not rendered to the Contractor in writing by the District, and that this is a reasonable notice provision pursuant to Public Contract Code section 7102 and Government Code section 930.2.

**27. Workers.** Contractor shall at all times enforce strict discipline and good order among Contractor’s employees, Subcontractors, Consultants, and all other invitees to the Site and shall not employ or allow the employment on the work of any unfit person or anyone not skilled in work assigned to Contractor.

**27.1.** Contractor shall remove from the Site any person in the employ of Contractor or any Subcontractor or Consultant whom District may deem incompetent or unfit and such worker shall not again participate in the work and shall not again be employed on it except with written consent of District.

**27.2.** Contractor shall take all reasonable steps necessary to ensure that any employees of Contractor or any of its Subcontractors or Consultants report for work in a manner fit to do their job. Such employees: (i) shall not utilize tobacco on the Site, and (ii) shall not be under the influence of or in possession of any alcoholic beverage or any controlled substance (except a controlled substance as prescribed by a physician so long as the performance or safety at the Site is not affected thereby). Contractor shall advise its employees, Subcontractors, suppliers, and invitees of these requirements before they enter on the Site and shall immediately remove from the Site any person in violation of these requirements as determined by Contractor or by the District. Contractor shall impose these requirements on its Subcontractors, suppliers, and other invitees. Contractor shall execute, under penalty of perjury, the certification of a drug-free workplace and certification of a tobacco-free workplace on the forms provided herewith provided herewith.

- 28.6.** Contractor shall, as a penalty to the District, forfeit an amount as determined by the Labor Commissioner pursuant to Labor Code § 1775 for each calendar day, or portion thereof, for each worker paid less than the prevailing rate as determined by the director for such work or craft in which such worker is employed for any public work done under the contract by him or by any Subcontractor under him. The difference between such prevailing wage rate and the amount paid to each worker for each calendar day or portion thereof, for which each worker was paid less than the prevailing wage rate, shall be paid to each worker by Contractor.
- 28.7.** Copies of the determined prevailing wage rates are on file and available upon request at the District's office. District shall provide Contractor with current prevailing wage rates, in writing. Contractor shall post, at an appropriate conspicuous point on the Site, a schedule showing all determined general prevailing wage rates.
- 28.8.** Any worker employed to perform work on the System(s) which is not covered by any classification available in the District office, shall be paid not less than the minimum rate of wages specified for the classification which most nearly corresponds with work to be performed by him, and that minimum wage rate shall be retroactive to the time of initial employment of the person in the classification.

Such records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information of such forms. The payroll records may consist of payroll data that are maintained as computer records, if printouts contain the same information as the forms provided by the division and the printouts are verified as specified in subdivision (a) of Labor Code § 1776.
