# Very Important Problems to be Addressed by Bond Measure

Replacing old and antiquated plumbing, sewer systems, and bathrooms, including some where odors are so ingrained that they will only disappear when sinks, toilets, tiles and other facilities are replaced

**A**

Replacing boilers that are so old and out of date that replacement parts are no longer made for them

**K**

Repairing or replacing old, leaky roofs

**E**

Making sure that all school facilities are accessible for students with disabilities

**M**

Providing updated classroom computer technology and ensuring all classrooms have up to date wiring to support 21st century technology

**H**

Updating and improving our agricultural and vocational learning facilities to prepare students for local jobs

**N**

Replacing old, inefficient heating, ventilation and air conditioning systems

**B**

Updating electrical systems that are old and inadequate with additional safe outlets that are needed in classrooms, labs and libraries

**C**

Making the schools safe from asbestos and other hazards

**D**

Increasing school safety and security by replacing antiquated fire alarm systems, installing classroom intercom systems, improving campus lighting, and adding outside security cameras

**F**

Upgrading outdated science labs, some of which were built over 50 years ago

**I**

Improving energy efficiency to save money on utilities, money that should be spent in the classroom

**G**

Creating safer student drop-off and pick-up zones

**J**

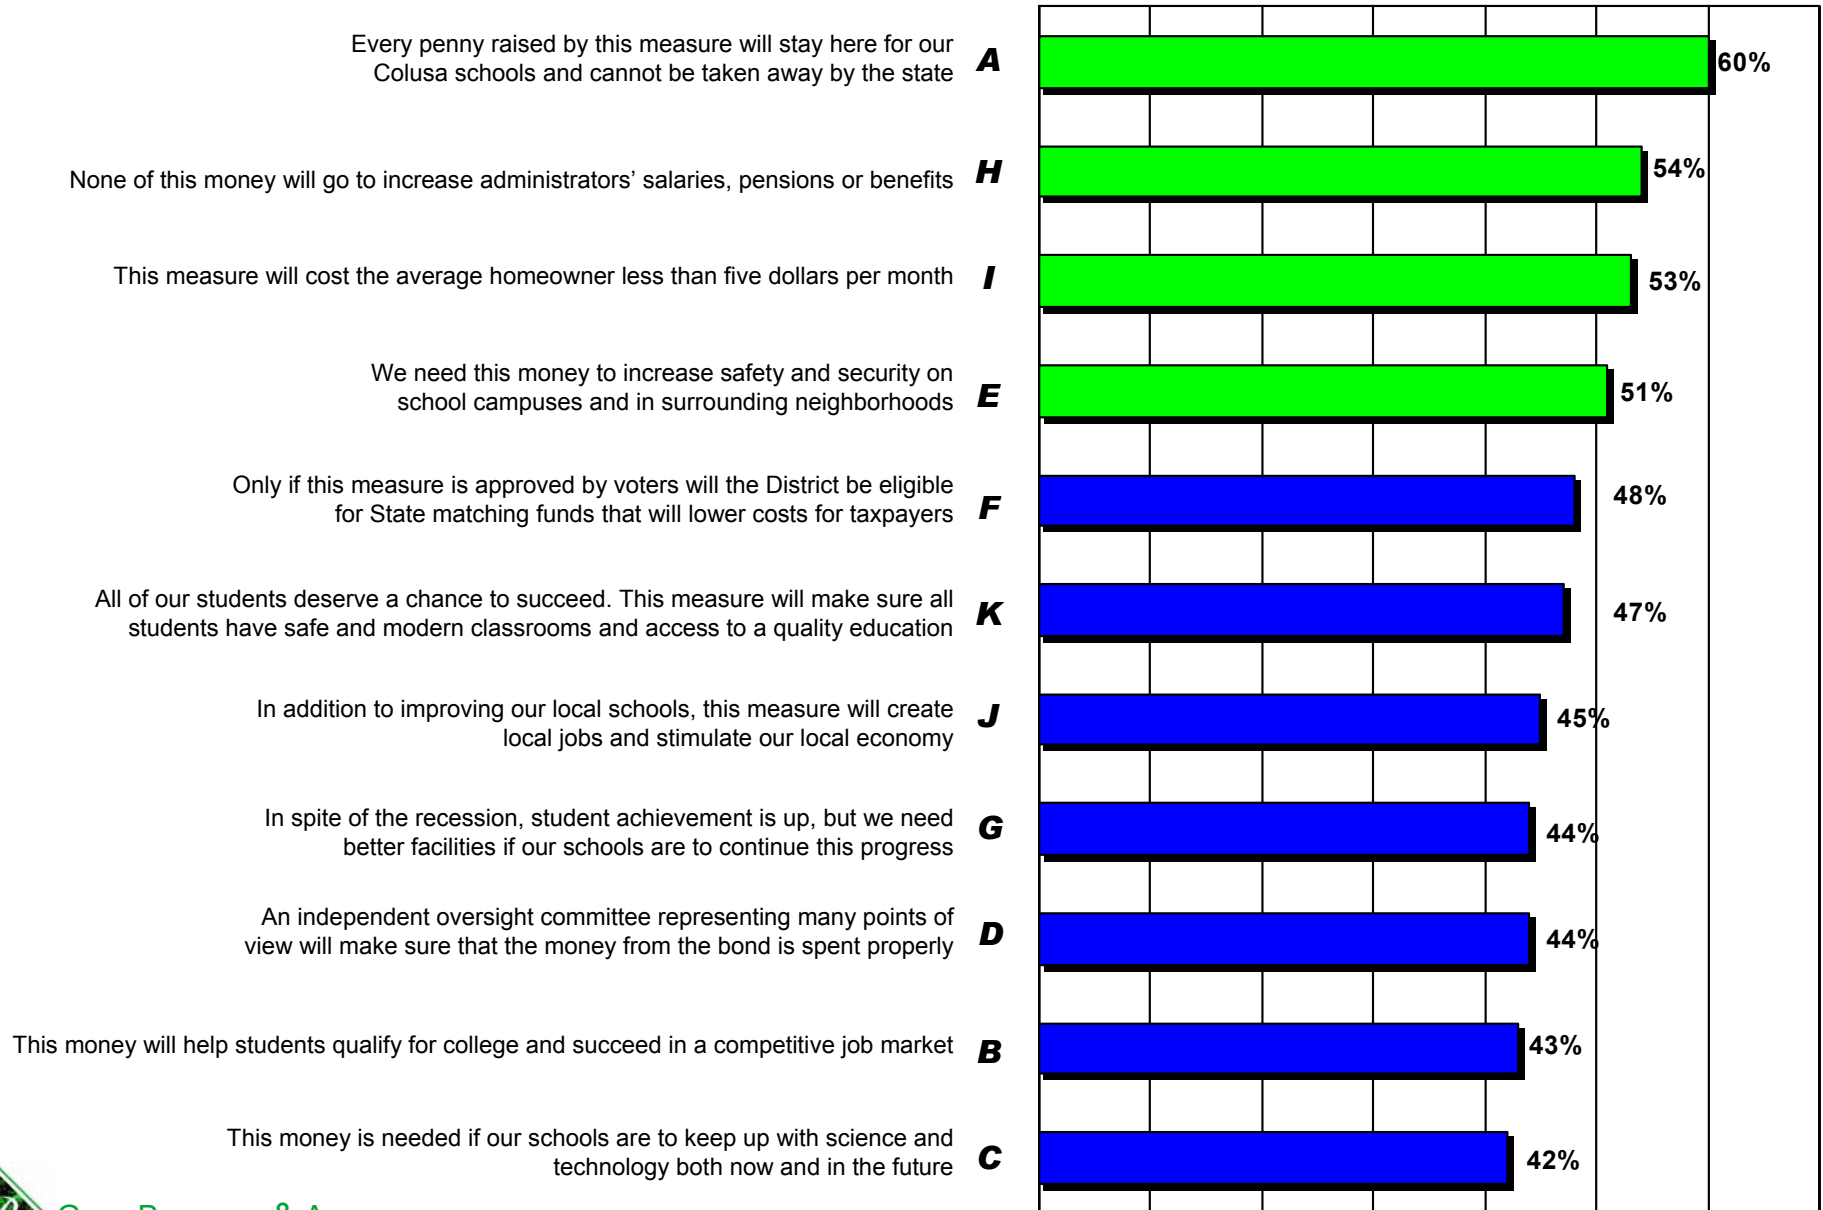

Repairing physical education facilities, including playing fields, that are not safe and expensive to maintain

**L**

# Proportions Much More Likely to Favor Bond Measure

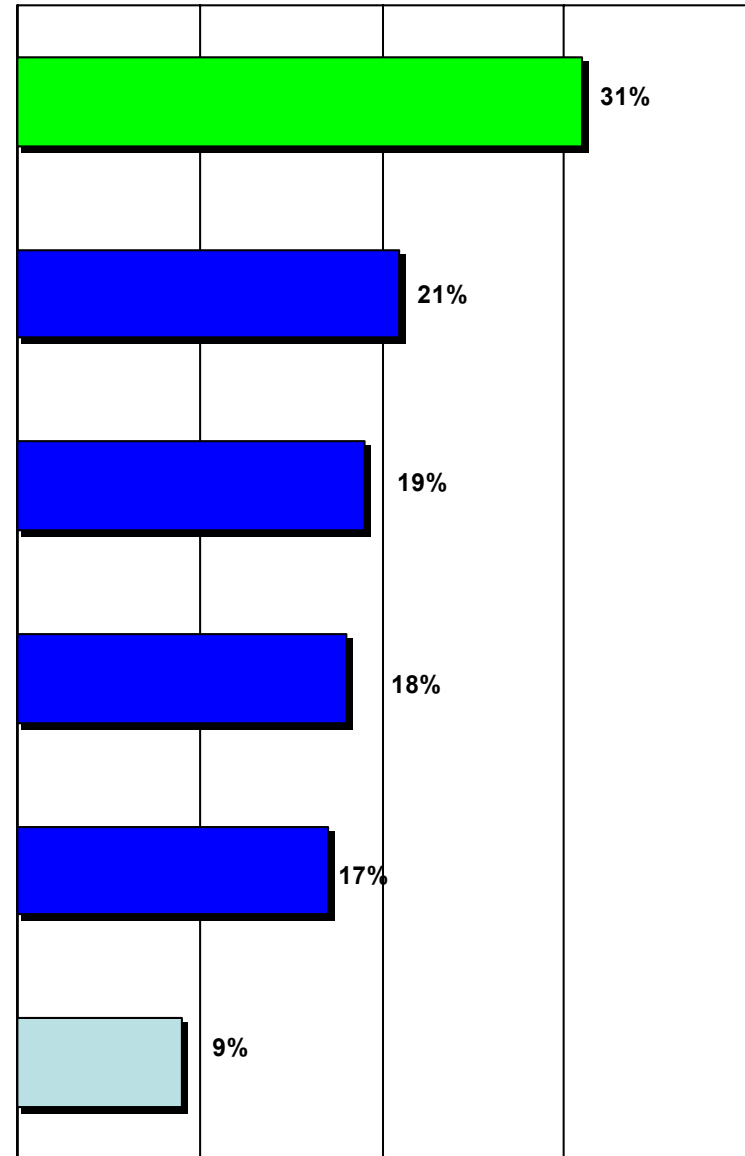

# Proportions Much More Likely to Oppose Bond Measure

Government bureaucrats continue to waste our money – two-thirds of our tax money goes to salaries and pensions

**A**

Taxes are already too high without these new taxes

**B**

I don't trust the school district; the County Office of Education wasted money on an unnecessary building project and the District will likely do the same

**D**

I know these are difficult times for schools, but in the wake of this prolonged economic downturn, with high unemployment, it is just not the right time to increase taxes

**C**

We just increased statewide taxes for education; enough is enough

**E**

I cannot support the schools ever since they changed the high school's nickname from Redskins to Red Hawks

**F**
