

## **School Facilities Projects to Be Funded with Proceeds of Bonds**

### **Tier I**

- Install/update/replace/repair fire, intruder, and life safety systems as required by current codes. These systems could include, but are not be limited to: Ansul (kitchen fire suppression) systems; panic door hardware; fire detection and suppression systems; upgrade existing spaces for fire safety.
- Install security/surveillance systems and fencing. Replace/repair systems necessary for enhanced student, staff, and/or public safety. Install updated entry systems to control access.
- Replace/repair public address, intercom, clock and bell systems.
- Abate and remove hazardous materials identified prior or during construction.
- Install/update/replace/repair American Disability Act systems as required by current codes. These systems could include, but are not be limited to: installation or repair of accessibility ramps to portable classrooms, handrails, signage, curb ramps, accessible doors and door hardware, accessible restrooms - both student and staff, accessible drinking fountains, site asphalt and/or concrete for path of travel and parking.
- Other improvements required to comply with existing building codes, including the Field Act, and access requirements of the Americans with Disabilities Act.
- Replace/repair/install heating, ventilation, and air conditioning systems with new energy efficient systems. Install energy management systems, to promote energy efficiency and cost reduction.
- Upgrade electrical systems to current standards.
- Replace/repair interior and exterior lighting systems and controls.
- Replace/repair water and sewer systems. Upgrade student and staff restrooms to current health and hygiene standards.
- Replace/repair roof and roof drainage systems at primary and high school. Replace areas damaged due to dry rot.
- Install/repair/ replace technology infrastructure components related to the district computer network and supporting wireless network access.
- Necessary site preparation/restoration in connection with new construction, renovation or remodeling, or installation or removal of re-locatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines (such as gas lines, water lines, electrical lines, sewer lines, and communication lines), trees and landscaping.
- Rental or construction of storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel.

### **Tier II**

- Replace flooring in middle school gym.
- Replace old/worn carpet and tile in selected areas.
- Science classroom upgrades including new flooring, lab furniture and equipment, water and gas supply lines, safety and work stations.
- Repair/replace vocational agriculture barn / sheds.
- Replace furniture fixtures and equipment necessary to improve math, science, reading and writing skills.
- All work necessary and incidental to specific projects described above, including demolition of existing structures.
- Address unforeseen conditions revealed by construction/modernization (such as plumbing or gas line breaks, dry rot, seismic, structural, etc.)
