2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Welcome to Burchfield Primary School and its many rich traditions which reach back over 100 years. Located in the rural, agricultural city of Colusa on the Sacramento River, BPS serves 453 students. James M. Burchfield is the only primary school in the Colusa Unified School District. It serves children in transitional kindergarten through third grades. The students, staff and parents of Burchfield Primary School are committed to creating the best possible learning environment for our children.

Our Vision

The vision of Colusa Unified School District is to provide a safe, student-centered, high quality education to ALL students.

Our Mission

To provide, in cooperation with our families, an excellent, well-balanced education where students gain skills necessary for success in an ever-changing world. Burchfield Primary School is committed to the idea that all students can learn and should have the opportunity to achieve academic success. Burchfield Primary School holds high academic expectations for all students. We believe that high expectations for behavior and attendance lead to higher achievement. We value cultural diversity and welcome community involvement in all school programs.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Burchfield Primary School takes pride in its well maintained campus, employing 2 full-time custodians to keep up the campus environment during the day, as well as cleaning each classroom nightly. It is important that the facilities of our school reflect our school pride and caring attitude. We have four buildings on campus ranging in age from 52 years old to our latest building constructed in 1976, not to mention 12 portable classrooms as old as 20 years. We strive to maintain clean and beautiful grounds and keep updated maintenance. In the past seven years include the complete heating/air conditioning system has been replaced at our school.

We have 27 classrooms, a library, and a cafeteria. Our library has approximately 6,500 books. Colusa County Office of Education received a literacy grant further expanding our purchasing and inventory of books for our students in the library and the classrooms. Each classroom and the library are equipped with Internet access. We have 1 to 1 Chromebook computers in each TK, kindergarten, first, second, and third grade classrooms. Our district has made accessibility of technology an area of focus and improvement in our LCAP, and the improvement has assisted in the expansion of curriculum as well as CAASPP preparation and familiarity for students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents are encouraged to participate in all school activities and to communicate with teachers and administrators regularly. Parent conferences are held as needed throughout the year. The first conferences are held in October and November for every student. Spring conferences are held as needed after the second trimester has ended in late February and in March. Burchfield Primary School has a very active Parent Club that promotes many activities, a School Site Council, and a fully functioning English Learner Advisory Council. Parents participate in several activities that are coordinated by parents that include student involvement. Our school encourages parental involvement in the classroom, on field trips, as well as throughout our school. We hold an annual Back to School Night, Jog-a-thon, and Fall Festival, an annual Open House, Track and Field Day in the spring, winter and spring student music performances, family nights with entertainment, two book fairs, parent curriculum information nights, and frequent assemblies to recognize student achievement and class awards.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.83	5.06	2.45
Expulsions	0.00	0.12	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Student safety is one of the highest priorities at Burchfield Primary School. We have a closed campus and all visitors are required to report to the office for permission to be on campus and to receive a visitor's badge. All staff on campus are asked to wear school ID badges. Students are expected to remain on campus during school hours. Campus supervision is provided from 7:50-8:15 before school, during school recesses, and at school dismissal from 2:15-2:30. First aid kits are carried by yard duty personnel and taken on all field trips.

The fire and police respond to emergencies within minutes and are informed of all drills.

Our school safety plan is reviewed and updated each year, and feedback is gathered by our BPS staff, School Site Council, and ELAC groups for a thorough evaluation. It includes procedures for emergencies such as fire, earthquake, bomb threat, chemical spills, flood, etc. Earthquake and Safety drills are practiced twice annually, while fire drills are conducted monthly. In addition, the district has adopted the Standard Response Protocol. The premise of SRP is simple - there are four specific actions that can be performed during an incident. When communicating these actions, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders. Run! Hide! Fight! is the district policy.

The Emergency Operation Plan for the District was revised in December 2022.

Professional Development

The district has increased its effort in providing teachers with additional training needed to keep abreast of the changes in education. Staff development activities are organized at three levels. The district level focuses on implementation and monitoring of high quality instruction. Consultants have been hired to improve the PLC collaboration that includes assessments, analyzing instructional strategies, and using data to drive instruction. Each school designs staff development activities to meet specific needs of staff at their school. This includes further training for teaching EL students and implementing the new Common Core Standards. Each teacher develops a personal plan for professional growth. Teachers are encouraged to attend conferences and workshops, which address specific needs of the District, school or teacher. For example, some of the workshops various members of our staff attended include Bridges Math Intervention conference, CAFE for EL strategies, positive classroom management, high quality instruction, and response to intervention. The California Teacher Induction Programs is provided for new teachers. The focus of their in-service is on effective teacher strategies and peer coaching, 2022-23 school year professional development, Really Great Reading webinars and training, Aeries trainings by CUSD technology department, Illuminate by our Reading Specialist, and three prearranged i-Ready on-site training for classified and certificated employees.
